eHealth Kerala

About Us

eHealth is the pioneer project funded by Government of India and Department of Health and Family Welfare, Government of Kerala, designed to provide residents of Kerala with a convenient centralized healthcare system. As the system is AADHAAR based, citizens will have unique identification and unified health care record.

Vision & Mission

Society that can afford healthcare cost; that is healthy, active and vibrant to fight against lifestyle and modern diseases; a state actively involving, interfering & regulating the unethical practices and providing a pollution free environment, taking care of the old and weak, thereby establishing a proper healthcare system for the people of the state

Online Services

If you are new to eHealth, you need to Register using Aadhaar inorder to create permanent Unique Health Identity(UHID) number. If you already have undergone the registration process and have an UHID with you, please sign in for taking appointment.
