| STEPS                                                                   |          |                        |            |
| 1. Login as Admin                                                       |          |                        |            |
| 2. Select any page                                                      |          |                        |            |
| 3. Select a Listing section                                             |          |                        |            |
| 4. Click "Add Listing Item"                                             |          |                        |            |
| 5. Select a PDF/Excel attachment                                        |          |                        |            |
| 6. Set expiry date as current date >> Save                              |          |                        |            |
| 7. Verify website content                                               |          |                        |            |
| PDF/Excel attachment uploaded in Listing item is not listing in Website |          |                        |            |
| If the expiry date is next day, item gets listed in website             |          |                        |            |

History

#1 - 2026-08-06 05:18 PM - Nithin Raj V V

- Status changed from New to Resolved

This is expected behavior. The listing expires on the selected expiry date.

#2 - 2026-08-11 12:34 PM - Nithin Raj V V

- Assignee changed from Nithin Raj V V to Anusha G

#3 - 2026-08-11 04:42 PM - Anusha G

- Status changed from Resolved to Closed

Closing as per the above Developer comment
