About Us

The eHealth Kerala project was launched in 2016 with the vision of creating a comprehensive digital health ecosystem based on the principle of “One Citizen, One Electronic Health Record.”* The initiative aimed to transform healthcare delivery across the state by establishing an integrated Hospital Management System (HMS), Public Health (PH) system, and the supporting information technology infrastructure required to enable efficient, connected, and citizen-centric healthcare services.

In 2022, the Government of Kerala designated the eHealth Project Management Unit (PMU) as the *State Digital Health Mission (SDHM)* to lead and coordinate the state’s initiatives under
